

P.F. Chang's Saves Millions In Capital, Expenses & Time

How Newtek Technology Solutions helped P.F. Chang's

Prior to working with Newtek Technology Solutions, P.F. Chang's hosted and maintained their own physical hardware infrastructure at a leasing data center in Phoenix, AZ. This data center required costly upgrades and time-consuming maintenance by their internal IT team, which necessitated a significant capital expenditure of **\$1.2M to upgrade**.

The physical replacement proved to be costly and time-consuming, which prompted P.F. Chang's to seek a partnership with Newtek Technology Solutions to save time,

Substantial Time Savings of 30%

With Newtek Technology Solutions taking over the monitoring, management, and remediation services of the hardware platform with our Dedicated Private Cloud Infrastructure, substantial time savings were gained by P.F. Chang's IT team so they could focus on core tasks & strategic

Enhanced Security & Compliance

By migrating to Newtek Technology Solutions's modernized infrastructure with Backup & Disaster Recovery, P.F. Chang's easily scales with the demands of their business, has higher resiliency to site loss and ransomware, and protects their business data when unexpected failures occur.

In 4 months, Newtek Technology Solutions saved P.F. Chang's

\$1.2M in capital expenses,
\$130KM in annual expenses and,
reduced IT work hours by approximately **30%**
