

REMEDiate RiSk AND IMPROVE IT PERFORMANCE

Newtek Secure Private Cloud Hosting services are designed to securely host and manage your cloud workloads throughout their lifecycle – from architecture and migration to managed operations and optimization. These services optimize your use of the cloud without added IT resources, expertise or bandwidth so you can remediate risk while improving the overall performance of your IT environments.

Cloud Application and Workload Migration

Newtek will fully design and manage your smooth and cost-efficient move to the public, private or hybrid cloud.

Cloud Monitoring and Optimization

Newtek will remove the complex infrastructure management burden from your organization.

Secure and Compliant Cloud Hosting

Newtek cloud hosting is compliant with regulatory and security controls for HIPAA, PCI DSS and more.

HOST YOUR CLOUD WORKLOADS WITH RESILIENCE AND CONFIDENCE

Newtek delivers a fully-managed hosted cloud solution across any combination of cloud types, public, private or hybrid. Managed IT services, including managed security, managed backup and managed disaster recovery, free your team to focus on other strategic business priorities. Cost effective, resilient and secure, Newtek Secure Private Cloud Hosting supports your applications and workloads—the way you need – so you have more time to run your business with confidence.

24/7 Cloud Management, Day In and Out

Newtek's expert team is on-deck, day in and day out to monitor and optimize your cloud infrastructure. From your apps to your web services, we'll have your environment tuned and protected for the productive user experience you need.

Cloud Migrations, Made Easy

Workloads still on prem? Newtek has you covered with seamless migration practices – from planning through cloud lifecycle management. Using our cloud migration service, Newtek will:

- Ensure your move is smooth and cost efficient
- Develop a roadmap with detailed cost and timing considerations
- Assess your workloads for public, private or hybrid environments
- Outline the costs, benefits and return on investment for moving to the cloud
- Recommend cloud migration prioritization for workloads, apps and databases

SERVICES FOR EVERY BUSINESS

Small Business

Newtek delivers the end-to-end cloud hosting solutions small businesses need to assure IT operations without added staff or resources.

Mid-Size Business

Newtek offers cost-effective cloud hosting for secure, high performance operation and limitless scalability for the growing business.

Enterprise

Newtek experts can host even the most complex and demanding environments across multiple cloud platforms for enterprise class availability.
