

Microsoft 365 Assessment

EMPOWER SECURE INNOVATION AND COLLABORATION

Newtek Microsoft 365 Assessment and Migration Services Gets You There.

Microsoft 365 is a powerful and dynamic solution that brings together the best of Office 365 and Windows Enterprise Desktops, along with Enterprise Mobility and Security. Its dynamic scalability and cost efficiency are hard to resist. But getting to the cloud can add new complexity and management challenges—unless you have a strategic plan. Newtek is the expert at mapping your journey to the cloud. Our Microsoft 365 Assessment and Migration Services will help you move the right workloads, at the right time, so you can realize time-to-value fast.

Unlock Imagination

Microsoft 365 lets users to create irresistible content with the intelligent apps they love while bridging the experience across devices. It will enable them to envision information in new and unique ways.

Empower Collaboration

SharePoint empowers users to engage with people, data and apps. Yammer and Teams power collaboration across the organization. Office 365 ProPlus lets users co-author documents.

Ensure Security

With Microsoft 365, you'll speed your GDPR compliance, and shore up identity and access management and data threat protection all with a single admin platform to setup and manage.

WHY NEWTEK IS YOUR MICROSOFT 365 EXPERT

Newtek's Microsoft 365 Assessment and Migration services deliver the enterprise-grade device management you need along with always up-to-date Windows Enterprise Desktops and Office. This is delivered in a single unified environment to simplify management and deliver the productive experience users want.

Simplify Your Journey to the Cloud

Using the Newtek Microsoft 365 Assessment, you'll benefit from a comprehensive strategic plan to simplify your move to the cloud for optimum cost efficiency and productivity. We'll work to identify when and how to move the right workloads at the right time so you can adopt the cloud with confidence.

Device Management for Windows Enterprise Desktops

The Newtek Microsoft 365 Migration Service will deliver a comprehensive strategy to migrate and manage all of your user devices for robust and simplified management from a single unified platform.

Data Protection—Across All Devices and Platforms

Newtek's managed data protection services for Microsoft 365 will ensure that your data and apps are both securely and compliantly backed up for the data protection that will give you peace of mind.

Streamlined Windows Deployment with Windows AutoPilot

Using Windows AutoPilot, Newtek will streamline your PC deployment to simplify implementation and management of Windows across your end user computing estate.

“ Newtek made the transition to Office 365 easy and seamless, with no interruption to our business operations or email.”
